

Do you yearn to get out and about? Out to the country, to the countryside, to nature! In the Fläming you will find a variety of possibilities to make beautiful excursions into nature. Explore nature with its flora and fauna - this is best done in the nature parks, because here the protection of the natural landscapes is a top priority. Many farms offer their agricultural products in their farm shops. Animal parks and wildlife enclosures make it possible to observe native species in their natural habitat. And for those who want to experience the landscape in a completely different way, swing into the horse saddle or carriage and let the vastness of the Fläming region take effect from there.

Climbing in the pine treetops at lofty heights, a trolley ride on the former Royal Prussian Railway - these excursion possibilities are guaranteed to keep you fit and active!

You can reach the Waldcamping Olympiasee via the motorway A9. Take the exit Köselitz and turn onto the federal road B 107 towards Coswig. 5 kilometres you will reach the entrance to the campsite on the right hand side in the middle of the forest. Coming from the A2, follow the signs to the B107.
